Mooncraft
by **O&O Studio Ltd**

Bar: Adjacent to the Shanghai Bund, Shiliupu Wharf is full of dramatic stories from the past – from wharfs to tycoons, warehouses to longtangs, these should all be celebrated. Sitting in this South Bund area, Mooncraft, designed by O&O Studio, stands for a place that holds moment of dialogue with this once prosperous era. Wondering along the rippling Huangpu River especially through the evening hours, Mooncraft is well placed for one to relax and have a moonlight sip. Mooncraft - a place that is replete with time and stories, for one to sense and embrace with a tipsy and emotional moment.
